

REPORT

SHACKLEFORD SHACKLEFORD HOUSE DAME SCHOOL

This house was not recorded. It was probably the Gate House to the Big House. It is built against the Estate wall of bricks laid in rat trap bond. The date carved in the pilaster by the door is 1819 Geo Casar

In Westcott is a row of little cottages which were built after 1840 and which are on the 1870 map. So this little house which was for some time a Dame School is an earlier build.
